GLENDALE—
The CITY of HOMES

VOL. XIII GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., THURSDAY, JANUARY 31, 1918 127

SALT LAKE OFFICE

UP-TO-DATE CITY TICKET OFFICE IN CHARGE OF T. I. STEPHENS

Glendale people will be interested in the fact that the Salt Lake Route will open an up-to-date city ticket office in Glendale beginning February 1. This office will be located at 1111 West Broadway and will be in charge of T. I. Stephens, local representative of the Glendale & Montrose Railway.

This event marks an epoch in our history for heretofore a traveler to eastern points was forced to go to Los Angeles to make arrangements for his journey. Now Pullman sleeping car tickets, and railroad tickets may be purchased here in Glendale and baggage may be checked through from Glendale to any eastern point. Mr. Stephens will have on hand a full supply of tickets and will be able to give any information in regard to trains, connections, etc.

We believe the people of Glendale will appreciate this step on the part of this road, and will take advantage of it. Travel on the Salt Lake's splendidly equipped trains through nature's wonderland is a joy and when all arrangements for the trip can be made without going out of town considerable satisfaction is added.

Mr. Stephens is a very genial and accommodating fellow and will give the patrons of the Salt Lake his best efforts in their behalf. C. A. Redmond, District Passenger Agent of the Salt Lake who resides in Glendale was no doubt largely instrumental in securing this convenience for Glendale people.

KIMBERLYS RETURN TO GLENDALE

Mr. and Mrs. C. W. Kimberly and nurse returned from Rochester, Minnesota, where Mrs. Kimberly was taken several weeks ago for treatment at the Mayo Brothers. The physicians at this great institution after a very careful and thorough examination prescribed with other treatments an immediate return to Southern California.

Her friends will be glad to learn her condition is much improved. While there they experienced severe cold weather the thermometer registering 23 degrees below zero. They stopped for a few days rest en route home at West Liberty, Iowa, with Mr. Kimberly's relatives.

His mother, Mrs. Mary Kimberly accompanied them home. She will spend the remainder of the winter in Glendale visiting her sons, A. E. Kimberly and C. W. Kimberly.

ATTENDS MUSICALE

Miss Ruth Wilson, 326 S. Louise street, attended a musicale Wednesday afternoon at the home of Mrs. M. Franklin Kline, 620 Heliotrope Drive, Los Angeles. The affair was in honor of Mrs. Kline's sister, Mrs. S. Frankenburg who is here from Bisbee, Arizona, studying with Mr. Vecsei and renewing old acquaintances. Miss Wilson was on the program rendering Kamenoi-Ostrow, Opus 10, No. 2 by Rubenstein. For en encore she gave Air de Ballet by Marmontel.

WATSON TAKES CHARGE

GLENDALE MAN ASSUMES MANAGEMENT OF BLYTHE, CAL., HERALD

M. L. Watson, widely known in Glendale, has assumed the editorship and general management of the Blythe, California, Herald during the absence of the publishers who have enlisted in Uncle Sam's service. Mr. Watson lived in Glendale for a number of years until recently. For nearly two years he was linotype operator on the Glendale Evening News and worked on Los Angeles papers while living here. He has a great many friends in the Glendale Lodge of Elks of which he is a member.

Randall Henderson, one of the publishers of the Blythe Herald says of Mr. Watson: "Myron L. Watson, who holds an enviable record in newspaper work in Los Angeles and the Imperial valley, and who has been connected with the Herald for the past three months, will asume the editorship and general management of the Herald after I leave. Mr. Watson has the record of being one of the best linotype men in Southern California, in addition to his qualifications as a writer. I know that his ability and integrity will gain for him the same big place in the community that he already holds in the estimation of the writer, and I know of no one to whom I would rather relinquish the editorship of the Herald than to Mr. Watson."

SOLDIER MATERIAL

MEDICAL EXAMINERS REPORT MANY HUSKY REGISTRANTS EXAMINED

About sixty men were examined this forenoon by Doctors Scott, Flint and Harrower. They report that some excellent soldier material is passing through their hands, the majority of the men being husky fellows. The next examination will take place February 5th. About 200 registrants of this district remain to be called for examination.

This morning Messrs. Muhleman and Jones joined Chairman Lanterman at headquarters and began the work of reviewing the reports of medical examiners and making their rulings. It is a big task and will probably consume considerable time.

Mrs. Jackson telephoned this morning that she was ill and her part of the clerical work was not going forward as fast as usual. She will probably be on duty tomorrow.

SNOW DRIFT MEMORIES

Indeed how pleasing it is for the former residents of Illinois, Iowa, Wisconsin, Indiana and other states to assemble in groups in this delightful California sunshine and tell stories about the cold winters they experienced before coming to this state.

A Glendale physician who practiced in Nebraska for several years appears on the scene and declares that he is glad that he does not need to make these long drives in the cold as he did when in Nebraska, and so it is an ex-Iowa farmer pictures the cattle wading around in snow several feet deep in the barn yard, and another ex-farmer of Illinois places great stress upon the winter of '80 and '81 as being one of unusual snow.

RECOGNITION

Mrs. Elizabeth Chapman of Loma Linda, who is attending committee meetings at Loma Linda Sanitarium this week, is the guest of Mrs. Eva Tuft. Mrs. Chapman is superintendent of nurses at Loma Linda where Mrs. Tuft took a training course. She states that all the nurses in the sanitariums at Loma Linda, Paradise Valley, Glendale and Long Beach which are maintained by the Seventh Day Advent organization, will be given opportunity for three months' experience at the splendid new hospital which is being established by the church on Boyle Heights in Los Angeles. Five units of the hospital, which is now in operation, have been completed. When finished it will be one of the largest, finest institutions of its kind on this coast. It is under the Loma Linda College of Medical Evangelists which has just been given a "B" rating by the American Medical Association and which is promised an "A" rating when the hospital is completed.

RED CROSS ITEMS

Work will be going forward in three departments at Red Cross headquarters this afternoon, viz. knitting, under Mrs. Carter, surgical dressing work under Mrs. Pack, and sewing for the hospital garment section under Mrs. Sadler, sub-chairman. Mrs. Ellis, the chairman, will be absent directing work which is being done by ladies of the Christian Church for the Red Cross this afternoon in the church parlors.

Work of the surgical dressings class of the High School was turned in to the department this morning and made a nice showing. It included:

72 triangular bandages,
40 four-tailed bandages,
36 Scultetus, or many-tailed bandages.

This consignment will just about fill the big box Mrs. Tuft is packing which she plans to forward to San Francisco the fore part of next week.

Chairman Lawshe and Mrs. Blackburn report that the response to the statements which have been sent out to subscribers is very satisfactory, and checks are coming in daily which are most welcome.

THE OTHER FELLOW

Keep your mind on the other fellow. Give him a fair showing. The other fellow may not always look at things just as you do. The reason why he does not look at things just as you do is because he has likely been educated under different circumstances.

Maybe the other fellow has cause for differing from you on subjects up for consideration. The vital question is, does the other fellow consider the questions in a candid, honest manner? Is he reasonable in his arguments and is he reasonable in his conclusions?

AMERICAN SALIENT UNDER FIRE

TWO KILLED WHILE BATTLING HEROICALLY AGAINST SUPERIOR NUMBERS OF ATTACKING FORCE

(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMIES IN FRANCE, January 30 (Delayed).—Battling heroically against superior numbers, the American fighting forces suffered two soldiers killed, four wounded and one captured in an enemy raid against a small American salient today.

Taking advantage of the heavy fog, the Germans put up an intense barrage fire, destroying the listening post communications, and then attacked in overpowering numbers. The Sammies had to fight without the aid of a counter barrage or reinforcements because of the lack of communications which the enemy destroyed.

Five other soldiers were recently killed by chance shells. Captain Kingman, crawling in no-man's land on a night reconnoisance, was wounded when an American soldier took him for a German.

CANADIAN GOVERNMENT SEIZES WHEAT

SHIPPERS TO UNITED STATES FORCED TO CANCEL ORDERS AGGREGATING 100,000,000 BUSHELS

(Special Service to Glendale Evening News)

WINNIPEG, January 31.—All wheat in Canadian elevators was seized by the Canadian government today, late shippers being forced to cancel orders for shipment to the United States aggregating 100,000,000 bushels.

CRISIS OF WAR IS HERE

PRESIDENT WILSON TELLS ILLINOIS FARMERS RESULTS OF THIS YEAR WILL DETERMINE THE ISSUE

(Special Service to Glendale Evening News)

WASHINGTON, January 31.—"The culminating crisis of the struggle has comee. The achievements of this year on one side or the other must determine the issue," President Wilson warned the farmers in an address delivered at Urbana, Ill., today. "The forces that fight for freedom depend upon us for sustenance," he said.

REQUIREMENTS FOR ARMY CHANGE

PHYSICAL DEMANDS FOR MEN OF DRAFT ARMY NOT SO STRINGENT AS AT FIRST SAYS CROWDER

(Special Service to Glendale Evening News)

WASHINGTON, January 31.—The physical requirements of the draft army have been changed so that only the registrants whose physical disability can not be remedied will be exempt. Physical defects that can be overcome will be, so that the men can see either military service or special duties not so rigorous, Provost Marshal General Crowder announced today.

TRANSPORTATION AT A STANDSTILL

DEEP SNOWS AND TORRENTIAL FLOODS RENDER NATIONAL RAILROADS POWERLESS TODAY

(Special Service to Glendale Evening News)

WASHINGTON, January 31.—Deep snows piled over the tracks and torrential rains washing out others make the national railroads almost helpless in the power of the elements today. Bitter cold weather predicted to be moving toward the Atlantic seaboard and destined to settle down for several days is adding to the gravity of the situation. Fuel Administrator Garfield is experiencing great trouble. Coal movement throughout the country has been disastrously upset by the continued bad weather..

NEW DESTROYER DEVELOPED

(Special Service to Glendale Evening News)

WASHINGTON, January 31.—A new submarine destroyer found to be the most efficient of all types has been developed by the navy department, Secretary Daniels told the House Naval Affairs committee today. Work on the new boat, which is termed the "deadly foe of the submarine," will be started "in a very few months," Daniels promised. Many of these destroyers will be ferreting out the U-boats in a short time.

KAISER CALLS FOR HELP

(Special Service to Glendale Evening News)

AMSTERDAM, January 31.—"We need the help of all who love our severely tested people, especially our political leaders," declared the German Kaiser in a telegram to the King of Bavaria which reached here this afternoon.

ADDITIONAL WAR CREDIT FOR GREAT BRITAIN

(Special Service to Glendale Evening News)

WASHINGTON, January 31.—An additional credit of $65,000,000 to Great Britain for January and $210,000,000 for February was announced by the Treasury department today. This brings Great Britain's total for 1918 up to $460,000,000 and the grand total for the war to all the allies to $4,525,900,000.

DELIGHTFUL RECITAL

PUPILS OF CLARENCE E. KRINBILL GIVE MUSICALE AT HOME OF MISS WEBB

A delightful program was enjoyed at the piano recital of Clarence E. Krinbill and pupils given at the home of Miss Lois Webb, 1316 Milford street, Wednesday evening. Mr. Krinbill was assisted by Mrs. R. D. Jillson a reader from New York city of considerable note who has recently come to the coast, and whose contributions gave a pleasant variety to the program which was greatly enjoyed.

Other contributions to the program which added greatly to the enjoyment of the evening were made by Miss Mae Boreham, dramatic soprano, and A. Wilhelmj Albers, violinist.

The pupils did astonishingly well and reflected credit upon their instructor who confined his own contributions to duets with the young musicians who make up his class. The program in full included the following numbers, all modern compositions:

Piano, Four Hands, March Militaire (Schneider) Miss Lois Webb, Mr. Krinbill.

Piano, Barcarolle (Kenner) Miss Margaret Landis.

Violin, Legende (Wieniawski) Mr. Albers.

Piano, Mazurka (Kuhn) Thomas McClellan.

Piano, March Characteristic (by Wachs) Miss Frances Beatty.

Piano, Four Hands, "Au Pas" (Fontaine) Miss Annabel McClellan, Mr. Krinbill.

Soprano, The "Star" (Rogers) Miss Boreham.

Piano, Four Hands, By Moonlight (Durand) Thomas McClellan, Mr. Krinbill.

Humorous Reading, "Dooley on the Dance" Mrs. Jillson.

Piano, O Schone Zeit (Goetz) Miss Annabel McClellan.

Violin (a) Schoen Rosemarie (Kreisler) (b) Indian Lament (Kreisler) (c) Butterfly (Bohm) Mr. Albers.

Piano, "Chanson Russe" (Smith) Miss Gertrude Coward.

Soprano (a) In the Time of Roses (Reichert) (b) Invictus (Hurn) Miss Boreham.

Piano, Serenade (Liebling) Miss Lois Webb.

Reading, Putting Willie to Bed, Mrs. Jillson.

Dainty refreshments were served at the close of the evening by Mrs. James Webb, mother of the young hostess.

VIOLET DINNER

Teachers of the Pacific Avenue school were charmingly entertained with a three-course dinner Wednesday evening by Mr. and Mrs. George Herald of 1218 West Ninth street. Violets featured the function in floral decorations, place cards and favors. Covers were laid for twelve, the guest list including: Messrs. and Mesdames R. D. White and Roy Masters, Mrs. Stone, Mrs. Longley, and the Misses Circle, Walker, Todd and Corey. Following the dinner a very pleasant social evening was spent during which the game of "California" was played in which seven questions are propounded which must be answered with two words which must begin with the first letters of the first and last name of the person to whom the question is given. Miss Corey, the kindergarten teacher, won the prize, a very pretty hand-painted plate with violet decoration.

GREATLY APPRECIATED

How greatly indeed the publisher of a country daily appreciates that kindly co-operation that aids in the advancement of business and all kinds of enterprise in the community. The newcomer to Glendale very soon puts himself on record as a booster or a knocker and thank God by far the majority of men and women who come to California to live possess the optimistic spirit and they at all times stand ready to pull and push in connection with every worthy project. The man of the Middle West and East who is a chronic knocker seldom gives himself an opportunity to enjoy the beauties of Southern California. Such a man by nature does not approve of letting God's sunshine bless him during the winter months. He prefers to suffer from extreme cold and then curse the Almighty that conditions are as they are.

WEATHER FORECAST—Fair and colder tonight and Friday. Heavy frost. Northwesterly winds.

A. H. Hamilton who was confined to his home for several days by illnes is now able to be out and operate his jitney.

ANOTHER HELPER

MRS. CARSON TAYLOR ASSISTS IN WORK OF LOCAL RED CROSS

Mrs. Carson Taylor spent Tuesday at Red Cross headquarters working in the surgical dressings department and she intends to do all her Red Cross work in this chapter where Mr. Taylor is already busy assisting Mr. Lawshe with the accounts.

Mrs. Taylor was in Germany at the time the war broke out in July, 1914, and remained there until May of the following year when Mr. Taylor went after her and brought her home. But for the war they would have been together there. While there and before the United States joined the Allies, she assisted in Red Cross work which was organized there. She had a chance to watch the mobilization of the German army and it was an interesting experience. She experienced no indignities or annoyance but Mr. Taylor had some unpleasantness due to his ignorance of the German language.

The Taylors have established a home in Los Angeles that their two boys may be brought up here as Americans pure and simple though it is a hardship for Mr. Taylor to be away from them so much of the time in the Philippines.

PRETTY LUNCHEON

Mrs. W. L. Andrews of 1552 Pioneer Drive, was hostess Wednesday at a pretty luncheon which was in the nature of a surprise for Mrs. Vernon H. Cowsert, wife of the pastor of the Baptist church.

The floral decoration was unique, a red cross of scarlet geraniums bordered with smilax, which filled the center of the table, with flags at the ends of the cross. Those who enjoyed the function besides the guest of honor were: Mesdames Roy Kent, L. D. Galvin, Eugene Smith, Orin Howard, Miss Mina Veach and Mrs. C. H. Crawford of Los Angeles, Mrs. J. W. Andree of Glendale, who assisted the hostess in receiving and entertaining her guests.

A very pleasant social afternoon was spent by the ladies, most of whom brought their knitting.

SEVEN YEARS OLD

Nelliemeta Perry of 333 South Louise street was the proud hostess at a pretty birthday party given Tuesday to celebrate her seventh birthday. Twenty little folks were invited but not all were able to be present. Those who did enjoy it were: Mable Harrison, Jean Williams, Marian Vonfelt, and her mother, Alice Fulson, Bernice Perry, Dorothy Douthat, Rebecca and Esther Kline, Evelyn Esler and mother, and Miss Bernice Ryan of Los Angeles, and Miss Jennie McManus and mother of Pasadena. Cream candy was served and a good time was enjoyed by the little folks.

RECEIVES COMMISSION

FRANK R. MOSHER, GLENDALE BOY, ENSIGN IN HYDRO-AEROPLANE SERVICE

Recent communications from Frank R. Mosher, son of Mrs. S. J. Mosher, 319 Central avenue, tell of his success in receiving his commission as Ensign in the Hydro-aeroplane service.

Mr. Mosher has been away since last March, when he went east with two friends from Throop College. He worked on the Shipping Board in Washington D. C. until his enlistment in the aeroplane service, when he was sent to Boston Tech. for training. After two months he was transferred to Pensacola, Florida, where he has had further intensive training and has made good.

He writes that he "enjoys" flying and expects a call to go "Over There" at any time.

READ WAR LETTERS

Mrs. H. E. Bartlett of 101 South Brand boulevard, was hostess at a knitting chain party Tuesday afternoon at which the following ladies were entertained: Mesdames John Robert White, A. M. Hunt, Nanno Woods, C. G. Farrow, E. U. Emery, Ezra Parker, Ralph W. Meeker, W. F. Nash, and Mrs. Harriet White. Mrs. D. H. Smith had expected to be present but was unable to come.

Two very interesting letters were read to the ladies, one by Mrs. Nanno Woods from her father in Dublin telling of Red Cross work in Ireland, the other by Mrs. A. M. Hunt from her brother who is an engineer on the French front.

PUTTING HOUSE IN ORDER

When a man enters military service he has brought home to him, perhaps for the first time, with sufficient force to make him realize it, the uncertainty that besets his future. He does not know how long he will be away from friends and family and from his customary avocation or in what condition he will return, or if he will return at all. He hurriedly puts his house in order as best he can, takes an inventory of his belongings and his obligations, looks ahead a little for his dependents and makes provisions against contingents he has never before given a thought. Even if he comes back safe and sound this ordering of his affairs will not only do no harm, but will be to his advantage.

But if it is a good thing for the man who is called to the colors to put his house in order, why is it not equally a good thing for everyone else to do the same? If the war will force folks—the stay-at-homes as well as the fighters—to take stock and find out where they stand and figure on tomorrow as well as today, a useful purpose will be subserved.

This does not mean that people should defer everything to the future and completely sacrifice the present, for they have but one life to live, and youthful years of activity and satisfaction soon pass. What are extravagances for some people are merely comforts or necessities for others. An expenditure that is perfectly justified this year may be luxury next year and vice versa. It does mean, however, that there should be some system in every one's life and everything in its proper time. What is wanted is a common sense program, or at any rate the application of some sense rather than just drifting without guidance or control.

If we will all put our houses in order and keep them so from day to day and from month to month this old world of ours will run along much more smoothly.—Omaha Bee.

WILL LENGTHENS LIFE

On the authority of experts representing forty-three leading life insurance companies in the United States, it appears that a spinster lives longer than a married woman. Business women live longer than business men. A woman who takes an endowment policy lives longer than a woman who takes an ordinary life policy. It is not easy to explain why an unmarried woman survives a matron, nor why a business woman outlives a business man; but the longevity of the endowment woman is believed to be due to the determination to live until the policy matures. Will power is hardly less important in many cases than physique, and must always be reckoned with. Even in disease a man or woman possesses a natural tendency toward health, and cures which often are attributed to medicine are really the assertion of the will.—Indianapolis News.

NEWSPAPER ERRORS

"Where do you get the absurd facts you print?" is a favorite query put to newspaper men. In the view of these cynics, newspapers spend most of their time misspelling names, imagining incidents that never happened, and generally manhandling life as it is led.

There is just one answer to be made to the query above, and that is: "Newspapers get such of their facts as are absurd from the absurd human beings who for one reason or a thousand refuse to relate facts accurately." Newspapers, truth-telling newspapers, spend a very large part of their time correcting these misstatements, running them to their source and getting at the truth. A certain proportion of errors get by—not as great a proportion as can be heard in any village neighborhood gossip, for it is the concern of newspapers, of honest ones, that is, to allow for errors and correct them, whereas it is the concern of those other purveyors of news, gossips, to create errors whenever they are more interesting than the truth.

The next time you find an error in your favorite newspaper, try an experiment. Try to capture one small fact yourself, in your own home town. You will quickly discover just how wary a bird the truth is and how very unpopular.—New York Tribune.

A PARABLE

The soldier threaded his weary way back to the colonel's dugout. He had been in half a dozen skirmishes with the enemy in as many weeks. He was still intact but scratched and wearied from crawling through barbed wire and in and out of shell craters.

He entered the dugout and saluted with click of heels and hand to cap.

"Colonel," he said, "I think I will have to quit. The battles are getting to be so many. It's rather too much of a good thing. I have given about all I can of time and strength and blood to this war. I am going home."

No; the incident didn't happen. But why shouldn't it? There are lots of civilians here at home turning down such appeals as the Red Cross and the liberty loans because "the calls are so many."—Sierra Madre News.

ENTENTE PURCHASES HERE

Most of the money advanced by the United States to the nations of Europe engaged in war with Germany is spent in this country for the products of our farms, mines and factories.

Under the arrangement made by the secretary of the treasury and approved by the president, these allied governments communicate their requirements for materials and supplies to a United States commission through their own designated purchasing agents in this country and the commission then renders its best efforts to obtain advantageous terms, which are submitted to the purchasing agents.

By these means competitive bidding against the other allies and against the United States is avoided and the same terms and the same treatment our own government receives is accorded to our allies.

It is expressly stipulated that no obligation of liability upon the United States shall be created by this arrangement. Our government is simply lending its assistance to our allies in the spending here of the money we loaned them. The protection thus granted them is deserved, for they are doing the work which, if they do not do, must be done by America at the expense of American lives and American money.—Berkeley Gazette.

UNFURL OLD GLORY

Why a municipal flag pole erected at the corner of Brand boulevard and Broadway, and no flag on the pole? Something is surely wrong. Today is a calm day and Old Glory is wrapped up in a case in the Pacific Electric station. Some talk about the pole not being safe, but that is not the cause for at present it is made very secure by numerous guy wires. Who are the careless ones in this respect? Lack of attention to the flaunting of the Stars and Stripes in these times of war shows a neglect on the part of somebody.

That bare pole pointing skyward means nothing in itself—it is the flag that gives to it an interest. Why deliver long speeches and make tearful promises on the day of the flag raising and now be so forgetful that day after day passes without any attention being given to the flag we all love so dearly?

Dr. Molenko Vesnitch, chairman of the Serbian war mission to the United States, upon the occasion of the commission's visit to the tomb of Washington at Mount Vernon, prefaced the expression of his homage in these lines of a Serbian poet:

"Happy he who eternally lives;
For him, there was a reason to be born."

One historian has estimated that not one person in a million lives in the literature and thoughts of a people for a thousand years. It is, of course, impossible to predict that any man will live eternally, that is, that his deeds and the example of his life and his counsels will constitute immortal inspiration for any people.

But if there are any such, George Washington, American, appears the most likely candidate for apotheosis in the pantheon of world teachers and heroes. When Dr. Vesnitch referred to "this national sanctuary, rapidly becoming that of humanity," he touched very close to a glorious truth.—Oakland Tribune.

NAVY BACK TO SECOND PLACE

We are told by the secretary of the navy that practically every ship in our navy is in commission. It was shown in March, 1917, that in dreadnaughts we had twelve in commission to Germany's twenty-two (this assuming that her statements of losses in the Jutland fight were true)—that we have twenty-two pre-dreadnaughts to Germany's nineteen, and that Germany had also five battle cruisers.

Our pre-dreadnaughts are greatly superior to those of Germany, for the total energy of our main armaments is 3,877,000 foot tons, as against 1,500,000 foot tons. Furthermore, our dreadnaughts average 25 per cent greater displacement per ship, and it is fair to assume that, ship for ship, ours are superior in offensive and defensive power to those of the enemy. Personally, the writer is convinced that in gunnery, especially at the longer ranges, our ships would completely outmatch the Germans.

But Germany is not building capital ships, nor can she undertake any for the rest of the war. The United States, on the other hand, when war was declared, not only had under construction five super-dreadnaughts of 32,000 tons—ships superior in every respect to the latest German ships, each carrying 14 to 18-inch armor and a battery of twelve 14-inch, 50-calibre guns—but plans were drawn and appropriations granted for four ships of 32,500 tons, carrying eight 16-inch guns, and four ships (the biggest yet planned in any navy) of 40,000 tons, mounting twelve 16-inch 50-calibre guns. Also work had started on a program of six 35-knot, 35,000-ton battle cruisers and ten 7,500 ton 35-knot scouts.

For military reasons nothing can be said about the speed with which this great addition to our first fighting line is being pushed to completion; but the scale upon which our yards, public and private, have been enlarged, and the size of naval appropriations, must convince the enemy (himself, because of other crushing burdens, unable to carry on capital ship construction) that we are in a position, if we so wish, to add to our fleet of dreadnaught battle ships another one equal in numbers and considerably greater in fighting power, to say nothing of six battle cruisers of far greater speed and power than the five possessed by Germany.

With the completion of our new fleet——all of it authorized before the declaration of war was made—we shall possess twenty-five dreadnaughts to Germany's twenty-two, six battle cruisers to her five, and a destroyer fleet that will greatly outmatch hers in numbers, size and fighting power. Then shall we regain our former position as second naval power.—Scientific American.

TO LICENSE FEED DEALERS

To prevent hoarding of concentrated and mixed feeding stuffs by speculators, the United States Food Administration has deemed it advisable to license manufacturers of, and dealers in, commercial feeds for livestock, cattle and hogs, it was announced by the federal food commissioner for California today. President Wilson has issued a proclamation placing the industry under license control on and after February 15. The Food Administration declares that hoarding of stock feeds has been more or less prevalent since the beginning of the war, and has resulted in extraordinarily high prices during the period of scant production. It believes that licensing will also prevent the hoarding of hay, which has been practised in some sections of the country as a result of unusual demands for the army.

The Food Administration hopes to stabilize the price of dairy and stock feeds. Without the license requirements it was powerless to prevent many evils which tended to encourage increased prices, especially near the large centers of population, where dairymen depend almost entirely upon concentrated foods for milk production.

It was upon the advice of the leading men in the trade that the Food Administration asked for the authority granted by the President's proclamation, under power given him by the Food Control Act of Congress.

Every importer, manufacturer, dealer, handler or storer of about 50 of the principal ingredients used extensively in making commercial mixed feeds is included in the license requirements. This covers baled hay, shell and ear corn and many other important commodities which are intended for use as food or as ingredients in mixed foods. The only exceptions are for millers manufacturing bran and dealers in coarse grains, who have already been placed under Food Administration licenses.

Failure to secure licenses by February 15 may be punished by a fine not in excess of $5,000—by imprisonment for not more than one year—or by both fine and imprisonment. Applications for license should be addressed to the United States Food Administration, License Division, Washington, D. C., specifying the nature of the business to be licensed.

HOW TO TELL THE RANK OF AMERICAN OFFICERS

You can tell the rank of an American army officer by knowing that:

A second lieutenant has an epaulette with no bar.

A first lieutenant has an epaulette with one white bar.

A captain has an epaulette with two white bars.

A major has an epaulette with a gold maple leaf thereon.

RIGHT ON THE JOB

Moving, Crating, Storage and all kinds of Transfer Work, done at right prices in the right way.

Trunks, Packages and Baggage delivered promptly. Nothing too large or too small.

BIRTHDAY PARTY

Mrs. Blake Franklin of 1498 W. Third street, entertained some little friends of her daughter, Josephine Blake, Monday afternoon, in celebration of her ninth birthday. It was a valentine party, the place cards being dainty valentines, and table decorations were suggestive of the good saint. Of course there was a handsome birthday cake and the goodies that should be a part of such a festival. The afternoon was spent in playing games and in the manufacture of valentines for which Mrs. Franklin furnished the materials. Some very pretty gifts were received by Jsoephine. Guests were: Myla Chapman, Virginia Witt, Helen White, Louise Berry, Bettie Heustin, Dorothy Van Dyke and Margaret Chappell.

Personals

The local chapter of the D. A. R. will meet Thursday, February 7th at the home of Mrs. J. H. Braly, 205 North Brand boulevard. The State Regent, Mrs. John C. Lynch will be the speaker.

Miss Myrtle B. Harris and her mother Mrs. Harris, came over from Pasadena Wednesday and were dinned guests of Dr. and Mrs. Henry R. Harrower.

Carnation Rebekah Lodge No. 257 I. O. O. F. will meet next Tuesday evening in the Lodge Hall at Third and Isabel streets. This will be the first meeting since the new officers were installed.

J. F. Parsons formerly of Seattle, is the man who has bought the A. P. Offutt store outfit at 1102½ West Broadway and will carry a large variety of fruits and a select stock of groceries.

Mr. J. W. Dalrymple of 537 N. Central avenue, Tropico, who has been down with pneumonia for the past few weeks is convalescent and able to be up and around at his home and is in fair way to complete recovery.

Mrs. Frank J. Kuntzner of 1505 West First street, was hostess at a chain knitting party Wednesday, her guests being: Mesdames J. R. Bright, Jacob Fink, James Pearson, and T. G. Love. Light refreshments were served and a very pleasant afternoon was spent.

Dr. Charles L. Reed of Cincinnati, probably the most important surgeon in that city, and who ran for the office of United States Senator, was in Glendale Wednesday as the guest of Dr. and Mrs. Henry R. Harrower. He is in Southern California for a vacation.

The regular meeting of Pythian Sisters will take place Friday, February 1, at K. of P. Hall on Brand boulevard. The regular meeting of the Thimble Club was held at the home of Mrs. Cook, Most Excellent Chief, on Fifth street. A very nice luncheon was served and an exceedingly pleasant afternoon was enjoyed.

Mr. and Mrs. Walter G. Pettit and their children, Margaret and Norman of 1415 Ivy street moved Tuesday to Long Beach where Mr. Pettit will be employed in the ship yards. Houses are at a premium at Long Beach but the Pettits were fortunate in securing a house and are nicely located on Cerritos avenue.

Mr. and Mrs. W. G. Walton and Mrs. J. E. Walton, who are spending the winter in Glendale at 325 South Central avenue, came here from a suburb of Hamilton, Ontario, and are experienced in Red Cross work. They visited the headquarters Wednesday and say that as soon as they have "knit-up" the stocks they brought from home for their own chapter, they will help here.

Rev. W. J. Marsh, who has accepted the pastorate of the Congregationalist church in this city, and Mrs. Marsh, will arrive in Glendale Friday and will take up their residence at 1521 Hawthorne street. Mr. Marsh will preach at both the morning and evening services next Sunday and officers of the church hope that members and attendants on the services will come out in large numbers to welcome him.

Glendale was represented at an elaborate reception recently held at the home of Mrs. R. H. Reynolds, 1755 W. Fifth street, given by her daughter in the mother's honor. Mrs. W. L. Andrews of Pioneer Drive, this city, was a guest. The house was beautifully decorated and refreshments were delicious and exquisitely served. Guests who remained following the reception spent the afternoon in knitting.

Mr. and Mrs. D. R. Jackson of 1008 Chestnut street are having the pleasure of entertaining Col. and Mrs. John D. Fraser of West Orange, New Jersey. Mrs. Fraser is the sister of Mrs. Jackson. Colonel Fraser is in command of the 113th Infantry at Camp McClellan in Alabama, where he has been stationed for several months. He is here on a three-weeks' furlough which he and Mrs. Fraser are enjoying hugely, as it is their first visit to California. They arrived last Saturday morning.

A very enjoyable chain knitting party was given Wednesday afternoon by Mrs. E. A. Bode of 306 Orange street. The ladies present were: Mesdames D. G. Crofton, J. B. Doner, T. Hambacker, S. C. Kinch, R. L. Kent, J. H. McElroy, O. R. Randall, C. H. Temple, and F. G. Whitaker. Refreshments were served by the hostess and $2.50 was collected for the Red Cross fund. Mrs. Bode was prepared with yarn and needles and some of the guests who had not known how to knit before were taught and will now go to work along this line for the chapter and will also give knitting parties.

GLENDALE W. C. T. U.

Mrs. Lacy will open her home at 135 S. Kenwood on Friday afternoon to the W. C. T. U. The business session will begin at 2 o'clock, the program at 2:30.

The afternoon will be devoted to prayer and praise for National Constitutional Prohibition. Scripture readings and prayers of Thanksgiving for "the submission of the Prohibition Amendment,"

"For National and State Legislation to provide moral safeguards for soldiers and sailors."

"For the increasing conviction that the liquor traffic is a menace to public health, public morals and a foe to patriotism."

Supplicatory Prayers, "for the President of the United States that he may be given wisdom and strength," "for our soldiers and sailors in training and at the front, that they may be kept unstained from the vices that destroy and that they may love God, even as they love their country," "for the campaign work for ratification of the Prohibition amendment," "for the states now in state-wide prohibition campaigns," "for guidance and help in the enforcement of existing laws," "for God's blessing upon the Woman's Christian Temperance Union in carrying out its plans for final victory."

Four short addresses will be given:

First, How the W. C. T. U. Prepared the Way for National Prohibition by Mrs. Ruby J. Smart.

Second, How the Campaign was inaugurated, closing with Mrs. Stevens' Proclamation, Mrs. Nannie Palmer.

Third, How the W. C. T. U. Helped in Securing Submission, Our Petitions, Our Great Conventions, our Legislative Departments.

Fourth, Reading of the National Amendment as Submitted and the Campaign Plans, Mrs. Louise Morton.

Everybody is welcome.

Press Superintendent.

RED CROSS LUNCHES

Mrs. Jack Boettner is much encouraged by the response to her appeals for equipment and food stuffs for her Saturday and Wednesday luncheons at the Red Cross Shop on Brand boulevard. She has received a splendid coffee pot since her need was advertised, and several other things. One lady has undertaken to get from her neighborhood once a week, a pound of butter, another a pint of cream, and another a quart of milk. These donations do not come from the same persons each week but a group of people supply them in turn. If other ladies will get busy and secure similar subscriptions in their neighborhoods for say a pie once a week, a cake, a dish of macaroni, a meat loaf, or anything else desirable upon which Mrs. Boettner could regularly depend, it would be a great help to the cause. She still needs cups, soup plates or bowls, and could use some more knives and forks. Ladies who work Wednesdays at Red Cross headquarters are glad to patronize the luncheon and get a good cup of tea.

CERRITOS SCHOOL GRADUATION

An excellent audience gathered to enjoy the program provided for the graduation of pupils of the Cerritos Avenue school which was given in the High School auditorium Wednesday evening, and to congratulate the young people who were completing their grammar school course. There were but five in the class, viz:

Mollie Sprenger,
Albert Hewitt,
Elsa Roeder,
Lewis Barnes, and
Thomas Smith.

The program included:

Piano solo by Carol Atkins,
Solo, Mable Todd.
Recitation, Velma Gilmore,
Solo by Miss Ruth Morgan, teacher of music,
Play, "Old Aunt Peabody's Visit to the City."
Address by E. E. Knepper, Assistant Co. Superintendent of Schools.
Presentation of diplomas by President of the Board of Trustees, Clyde Carmack.

The name part in the play was taken by Miss Elsa Roeder, who played the character of Aunt Peabody exceedingly well. She was ably supported by Dorothy Carmack, Mollie Sprenger, Dorothy Danner and Albert Hewitt, and by other members of the Eighth Grade who had the minor roles.

Mr. Knepper made an excellent speech in which he referred to the war and its lessons, urged the children to invest in Thrift Stamps, and advised them to continue their course and get all the education possible in preparation for their life work.

The graduates were showered with beautiful floral tributes and received many gifts.

The Tropico Thursday Club will meet Thursday at the home of Mrs. Joseph W. Ashton, 222 El Bonita avenue. The speaker of the afternoon will be Mrs. Kemper-Campbell, a former resident of the city and at one time, when Miss Hibben, was a teacher in the Cerritos Avenue school.

Little Benny was looking at a picture of Elijah going to heaven in a chariot of fire. Pointing to the halo about the prophet's head, Benny exclaimed: "See, mamma, he's carrying an extra tire."

RED CROSS SALVAGE REPORT

Last Saturday was junk collection day east of Brand and south of the wash. There were machines enough to gather things up well, but in the afternoon there were almost no children.

Metal, rubber, glass and rags were taken into the city by Mr. Todd and were sold for $13.77. We had only a small amount and feel very well satisfied with the price. In regard to bottles, however, we can do better right here in our local markets. We also have a good market for fruit juice bottles and in fact anything that does not have the name blown in. Save your old auto license tags, because the poppies on them are of copper. Pewter is worth 30 cents a pound. The rubber in auto tire casings are of two values 2½ cents and 4 cents, while the inner tubes bring 9 cents. Rubber shoes bring 6 cents a pound. Lead and zinc are each worth 5 cents.

Castor oil is used, I am told, in the manufacture of aeroplanes so there is a great demand for castor beans.

On the coming Saturday, February 2, we will collect in North Glendale and west of Brand. We shall be glad to receive all the above mentioned articles and anything that you may feel you can spare Mrs. Parker for the Red Cross Shop.

Why not get into the habit of visiting the shop whenever you are in that vicinity? You will find it well worth your time for many salable articles are being brought in such as musical instruments, electrical appliances, books, dishes, clothing, pictures, shoes, etc.

The first week of its existence the shop's receipts were a little under $2, now it averages that much a day, and Wednesday they amounted to $3.86.

Report on Paper Day

Papers and junk were collected by Mrs. C. W. Houston, Mrs. H. A. Andrews, Mrs. S. L. Gillan, Mrs. H. V. Brown who also attended to the sorting of all junk besides the papers, and Mrs. W. N. McMillan, Miss Bertha Berry, Miss Lorraine Mitchell, Mrs. Jas. Mullin, Mrs. Florence Wintersgill, Mr. Woods and Mr. Rochester.

Monday being a holiday Frederick Easley, Roy Jefferson, Leland Easley and Robert McReynolds came over to the salvage rooms and did a fine holiday's work for the Red Cross.

The following children also contributed of their time:

Intermediate School

Frederick Easley, 5 hr. 15 min.
Marjorie Yarick, 1 hr. 45 min.
Virginia Hunchberger, 1 hr. 45 min.

Leland Easley, 2 hr. 15 min.
Billy Heinen.

Pacific Avenue

Jack Alvord, 2 hr. 55 min.
Eugene Bruce.

Central Avenue.

Ralph Rhind.

BIG BALL AND CARD PARTY

A big crowd, variously estimated at 300 to 400, filled the reception parlors and ball room at the Elk's Club House Wednesday evening at the dance and card party given by men of the Holy Family Parish.

Peter L. Ferry was general manager of the affair, and it was a great success both from a social and a financial stand-point.

Progressive Whist was the diversion of the card players who later adjourned to the ball room where general dancing was preceded by a brief program of fancy dancing by several talented children. Little Beatrice and Elizabeth Turner and Jack and Gertrude Ewins did some wonderful exhibition work. John and Emeline Chalfant exhibited the new "Chinese Toddle," to the very great pleasure of the spectators. Emeline also recited.

Excellent music was furnished by a pianiste and drummer from Los Angeles.

Mrs. William O'Brien won the prize offered for the ladies in the whist contest, a beautiful silver vase, the gentlemen's prize, gold cuff links, going to Mr. Ruprecht of Gardena avenue.

"Sincerity Is Our Watchword"

It is the power we are using to secure and hold the confidence of the public.

It is a trait which cannot be hidden and one which no one can counterfeit.

TERMS OF SALE:
CASH OR BANKABLE NOTE

Don't forget the date. Someone will secure a money-making proposition.

ATWATER TRACT NOTES

Mrs. M. M. Schout entertained at dinner Saturday the following guests: Rev. R. N. Stubbs, Miss Blossom Johnston and Mr. and Mrs. W. C. Forrest of Pasadena, Misses Rose and Celinda Cook and Emla Black of Los Angeles, Mrs. F. P. Miller and Mr. and Mrs. W. S. Grauel of Santa Monica, Mr. and Mrs. Henry Grauel and Mrs. Emma McMillen and Miss Adda Burch of Atwater Tract. All the guests are former residents of Greenville, Pennsylvania.

Mrs. Henry Grauel, Mrs. J. W. McMillen and Miss Adda Burch were guests of Pasadena friends this week. Miss Adda Burch gave an address on Missionary Life in Porto Rico before the Woman's Home Missionay Society of the Tropico Methodist church on Tuesday.

Mr. and Mrs. Dudley Chandler were Sunday guests of Mr. and Mrs. B. Y. Davis of Vermont Square, Los Angeles.

Mrs. Light of Gardena avenue, and Mr. and Mrs. Bowles of San Fernando, were Sunday guests of Mrs. Albert Harris of Perlita avenue.

Mrs. M. M. Schout entertained on Friday Mrs. Dwight and daughter Miss Reba of Los Angeles and Misses Margaret Wright, Daisy Payne and Miss Greentree of Hollywood.

Mrs. J. W. McMillen visited her brother at Santa Monica the first of the week.

Frank Walsk of Camp Kearny, San Diego, visited his parents over Sunday.

SOFT JOB

Hannah—I heah you all's got a fine job up to Mrs. Calvert's.

Chlorinda—Yess, Miss Hannah. I'se got a cinch. All I has ter do is ter push around one of dem newfangled baby percolators!

REPRISALS

"Reprisals! What's these 'ere reprisals they're goin' ter use again the 'Uns?"

"Well, I don't rightly know; but yer can take it from me, they're 'eaps worse nor bombs."

Ford

THE UNIVERSAL CAR

The Ford Coupe, have you examined it? It is a splendid enclosed motor car for two—will take three nicely—for $565 f. o. b. Detroit. The Ford Coupe is in a class by itself by reason of its high value and low purchase price. Permanent top with sliding plate glass windows with removable window pillars; large, deeply upholstered seat with comfortable high back; ventilating windshield and large doors. The body is trim and handsome in design. There are all the joys of the open car in pleasant weather and a very warm, cozy car in wintry and inclement weather. Let us show you the Ford Coupe.

FOOD WILL WIN THE WAR

—plant a garden and become a producer.

—the food you grow does not require transportation (reducing railroad congestion).

—it does not have to be purchased. (More money to invest in Thrift Stamps and Liberty Bonds.)

—it means an equivalent amount of food available for use "over there." It's good business and profitable, too. Get into it early this year.

CITY OF GLENDALE

PUBLIC SERVICE DEPARTMENT

GLENDALE 1300 CITY HALL

LA CANADA

Miss Lulu Lanterman sang a group of Spanish songs at a Twentieth Century Club meeting at Eagle Rock last week.

Little Miss Patricia M. Green is a very dainty and alluring bit of femininity.

Ohio, along with the rest of the states East is inflicted with more prolonged cold weather than has been known for many a year. One writer says: "I read your card, (from California) when it was 18 below and I nearly died with envy." Since then it has been much colder with a shortage in fuel. The allowance of sugar, wheat flour and other things is much smaller than here and the price of butter and eggs much greater.

C. B. Anderson was interviewed in Los Angeles yesterday. He said he was very pleasantly located near the church and not far from Grammar and High schools. His proximity to Occidental College, the finest in Southern California, was also a matter of self congratulation.

The speaker for the Improvement meeting last Saturday night, Mr. Chadwick, failed to appear for some unknown reason. Good music on the piano by Mrs. Don Smith and Elsa Anderson was much enjoyed. The president of the association, Mr. Brooks, gave one of his happy talks on "Present Day Living."

Walter Guiderian formerly of La Canada, now of Antelope Valley, has been spending a short time in Los Angeles and La Canada, visiting old friends and neighbors.

Mr. Weaver who had charge of the Salisbury place not so long ago, has returned to La Canada to take charge of Mr. Riggs' property and will live in what was C. B. Anderson's home. Mr. Riggs has been fixing up the house quite a bit putting in a furnace for one thing. This is believed to not interfere with Mr. Reddy's duties.

Mrs. Fenton Knight and daughter Elizabeth are just returned from a two weeks' visit in Yuma, Arizona, with Mrs. Joseph Norbert Tempest.

Our mail carrier, Mr. Hall, is ill with a heavy cold which may be pneumonia. A substitute is on his route.

The manager of one of Los Angeles' fine hotels is displaying a service pin with three stars. When it was suggested to him that he seemed young to have three sons in the war, replied, "Oh, those are for employees of the hotel." Those of us so unfortunate as to have no sons in the war might fly a flag because our neighbor is blessed with sons who have gone.

Who is to blame? Farmers of Indiana and Michigan are feeding wheat to their hogs instead of corn, rather than sell the wheat at the market prices, eastern dispatches state.

Our post master since the War Thrift Stamps were put out for sale, has disposed of 110 two-bit stamps, and 28 War Savings Certificate Stamps. Violet Hall is the first child to have obtained one of the certificates. Mrs. P. H. Johnson has just purchased four—two for Aldrige and two for Elizabeth.

The Red Cross work room has used up 8 pieces of gauze in two weeks and Mrs. Cooper who has charge of the work has carried into Pasadena for the month of January 1592 gauze dressings.

Tuesday of this week was the regular monthly business meeting. The Secretary and Treasurer, Mrs. Murray, gave in her reports. The treasurer's report sounded fine particularly because it was swelled by the big sum of $206 which was handed in from the Red Cross benefit. This success was largely owing to the untiring efforts of Mrs. Lester and Mrs. Goddard. $1.00 was added to the Red Cross fund from tea which was served by Mrs. Lester and Miss Elinor Dewey.

The church near the corner of Lincoln Avenue, at end of the car line, is giving a benefit entertainment, Friday evening, February 1 at 8 o'clock. A silver offering will be received at the door which is to be used for the play ground for the school near the packing house, on the way to Pasadena. The entertainment is furnished entirely by "grown ups" who have been getting ready for it for some time.

James Harrison Blanchard of Los Angeles, law partner of Will D. Gould of La Canada, who died this week, has left Mr. Gould $5,000 and $1,000 more to use in prohibition work.

Red Cross salvage department of Los Angeles asks for cancelled postage stamps which have a commercial value in Belgium. The Queen of Belgium uses the money obtained from the dye in the stamps and from the pulp to buy milk for the Belgian babies. Cut the stamps off the paper, do not soak them off.

Dr. Scott's subject for Sunday service is "Contrary Winds." The Matthew study for the evening service is of the XIV Chapter.

A cutting from an English newspaper contains an account of the death of an uncle of E. G. Metcalf, Mr. William Shelley, who was a member of the famous old corps of the Royal Fusiliers. Mr. Shelley was one of the oldest of their veterans, serving 35 years in the Regiment, taking part in the Crimean and Indian Mutiny campaign. "In his prime he was a fine specimen of a stalwart over six feet in height." His record was fine in all the years of his service and he was respected during his long residence in Honnslow by a large circle of civilian friends. In 1854 he entered service and when time came for his retirement was presented with a handsome gold watch, among other valuable gifts. He served under Queen Victoria, King Edward and King George. As Yeoman of the Guard he was present at many of the Court functions. Three of his sons, cousins of Mr. Metcalf took service in the Royal Fusiliers. One is Color-Sergeant, another is a Captain in a regiment in Italy and has the Military Cross for bravery in France. Gallant sons of a father who gave such faithful service to his country.

To all Chapters in the Pacific Division of Red Cross, a communication has been issued about Sphagnum Moss for surgical dressings, the difficulty in securing moss which is suitable. Most that can be purchased commercially is positively harmful. The moss is found in a few places on this continent and an investigation to locate it is on foot.

Research is being conducted abroad by Gen. Pershing's medical staff using Red Cross funds to prevent several diseases which are new and peculiar to this war. This research includes study on anesthesia, shell shock and trench fever, trench nephritis, foot wound infections, including gas gangrene and tetanus.

To give relatives of American soldier details of casualties at the front the American Red Cross has organized at National Headquarters a Bureau of Communication of which William R. Castle Jr., of Harvard College is the head. This Bureau supplements the meager details of the War Department and will gather evidence of those reported missing. Any information of interest or consolation to relatives will be sent to them, also messages from wounded. A central office to gather information is in Paris, with E. Gerry Chadwick at its head, and thirty assistants stationed at rest camps and base hospitals.

This is a Red Cross service in Great Britain, France, Italy, Germany, and Austria. In the London office more than 200 women are employed in communicating with relatives and their card indexes cover more than 3,000,000 cases reported on. The American Red Cross committee in Berne sends each American prisoner every two weeks three 10-pound food packages. A sufficient quantity of food is now on its way to Switzerland to care for 10,000 prisoners for six months.

Don't forget Red Cross Exchange Tuesday, February 5.

Flood control engineer, James W. Regan, has begun work at Long Beach.

The peals from the belfried domes of our country were preceded last Sabbath morning by the peals of Celestial bells calling Howard McMullin to worship with the angels.

He was ready for the summons. In his 'teens he consecrated his life to his Lord and Master. To him there was nothing in the church covenant that would rob him of any worldly pleasure that was worth having. He craved no personal liberty that conflicted with loving obedience to his accepted Savior. He emerged from his 'teens with a manhood ripened for the battles of life.

His native and acquired architectural skill merited for him and secured to him a position with a business firm in San Francisco, California. A promising career was opening before him when he heard and responded to his country's call to arms. He soon commended himself to the officers of his training camp as worthy of a place upon the official force of the army. He was therefore transferred from the Vancouver Barracks to a training camp for officers in the State of Georgia. The change of climate in time of raging storms precipitated the disease that closed his earthly carrer.

His unselfish thought for his devoted family voiced itself in the wish that no effort be made to come to him in his distant hospital; yet theirs is the satisfaction of learning that through the days of illness the tender care of a woman nurse, ministered to his comfort.

His body has been honored by military burial in the Government Cemetery at Chickamauga, Georgia.

Howard McMullin's home going seemed an abrupt closing to a promising career; but his life is not ended. Its continuation is in a more congenial realm. We know that weaving looms depend upon an unseen room for their power. The force from God's invisible power house has not allowed the shuttles to cease or the loom to stop. Howard now sees, as here he could not see the lasting tapestry of red, blue and white woven by the years of his brief earthly course. The beauty of his life of service and its culminating sacrifice is but enhanced by its invisible growth in its celestial environment.

WOMAN HELPS WIN WAR BY RAISING RATS

GRANBY, Mass., Jan. 31.—The common gray rat—the self-same rat in the face of which the most dignified woman makes a squirrel look like a cripple when it comes to climbing stunts—is helping to win the war.

Probably few know that many an airplane soaring high in the sky carries a rat as part of the crew; that rats played and are now playing an important part in the evolution of the submarine, because rats are living barometers.

The United States government is using hundreds of rats in war-time experiments, and many of these are being supplied by Miss Abbite Lathrop, who lives here in a neat little white cottage and cares for a family of a thousand rats and mice.

Miss Lathrop, a native of North Dakota, broke all feminine traditions seventeen years ago when she began raising rats and mice as a means of earning a living.

The "Rat Lady," as she is known here, keeps her pets in wire covered boxes in sheds near the cottage. She handles them without fear and many are so tame they are allowed to live in open boxes in the cottage, and make no attempt to get out.

Miss Lathrop lives alone and it is understood her feminine friends do their visiting at shouting distance from the "house of a thousand terrors."

The government uses rats and mice chiefly in air pressure tests. The rodents are unusually sensitive to changes in atmospheric conditions, and at different altitudes exhibit unfailing symptoms which indicate certain conditions of the air pressure.

In submarine depth tests and in the experiments to learn the correct pressure of the artificial air supply of submersibles, rats play an important part in establishing facts in relation to human life and the efficiency of under-water craft.

THE WAR SAVINGS PLAN

Is a plan by which you invest your smallest Savings with the United States Government. You do it by buying War Savings Stamps or Thrift Stamps.

A Thrift Stamp costs 25c
A War-Savings Stamp--$4.12

One 25-cent Thrift Stamp starts your Thrift Savings Card. When you have 16 Stamps ($4 worth) you pay a few cents more and exchange them for a

War Savings Certificate

bearing interest at four per cent, figured every three months. For the Certificate you pay $4.12 now—January 1, 1923, Uncle Sam will pay you $5 for it.

RED CROSS AUXILIARY

Not less than thirty-five ladies came out to the Monday meeting of the Tropico Red Cross Auxiliary held in the city building at the corner of Brand and Tropico avenue, and spent the afternoon in sewing, knitting, etc. Tables in the Surgical Dressings Department were also filled and some excellent work was turned out.

Mrs. Robert Danner has been made chairman of hospital garments. Members are busy with the manufacture of bath robes, bedding, etc.

New stocks of yarn are being purchased and the organization will undertake to make one hundred pairs of socks in the near future. Mrs. Reifenberick will have special charge of the socks knitting. Mrs. Charles A. Barker is general chairman of the knitting department.

NO MORE MOTHER'S PIE FOR SAMMIES

WASHINGTON, Jan. 31—No more mother's pies or home made fried chicken for Sammies in camps here or abroad. The Council of National Defense says that these delicacies spoil before they reach camp—and anyhow there's railroad congestion enough moving the regulation food for the soldiers.

NOTICE OF THE TIME AND PLACE OF THE HEARING OF ALL PERSONS FEELING AGGRIEVED BY ANY ACT OR DETERMINATION OF THE SUPERINTENDENT OF STREETS OF THE CITY OF GLENDALE IN RELATION TO THE IMPROVEMENT OF A PORTION OF MILFORD STREET.

Public notice is hereby given that the Board of Trustees of the City of Glendale will on the 31st day of January, 1918 at 8:30 o'clock P. M., take up and hear any and all protests against any acts or determinations of the Superintendent of Streets of said City in relation to the improvement of Milford Street from Columbus Avenue to Pacific Avenue, as more fully described in Resolution of Intention No. 961, adopted the 19th day of July, 1917, and will at said hearing take up all matters and acts protested against in that certain protest dated December 28, 1917, and filed in the office of the City Clerk on the 3rd day of January, 1918. Said protest being the protest against the acceptance by the City of Milford Street between Columbus Avenue and Pacific Avenue as contemplated under aforesaid Resolution of Intention No. 961 and Resolution of Award of Contract No. 969 of the City of Glendale.

J. C. SHERER,
City Clerk of the City of Glendale.
